

Kitchen Report, 2026

The kitchen committee has had a very busy season, beginning in May, when we provided cheese, fruit, and dessert trays, for the club registration and social. Many people came to register and visit. It was a great way to start the new bowling season.

Following this, there were 3 open houses, and for 2 of these, we provided snacks, fruit, and cookies for our guests.

A BBQ was also held, for the National Bowls Day open house.

Two other club house BBQs took place, one at the end of July, and the other at the end of August. Two special event days were planned, - a Canada Day celebration, and a 'British Invasion' afternoon.

The above mentioned BBQs, and special event days, are planned by the social committee, but the kitchen committee looks after the kitchen duties, - getting tables ready, setting out the food for the people attending each of these happenings, and then looking after the clean-up.

Our committee provided dessert and drink for participants in the following four Wednesday tournaments, - Aussie Pairs, Open Triples 2 Novice, Men's Pairs, and Women's Pairs. We shall do the same for our Harvest Bowl Tournament in September.

At the end of July, our club hosted the District 7 Jitney. We provided morning food and drink for participants attending.

We have been asked to provide snacks at the AGM meeting being held the end of September.

It is the responsibility of the kitchen committee to keep the kitchen stocked with BBQ condiments, and with items such as plastic cups and cutlery, plates, etc.

For the bar, we also looked after the purchasing of pop, water, and ice cream treats.

Thanks to the ladies who assisted us along the way. Your help was greatly appreciated!

Also, thanks to everyone who brought treats every Wednesday. Your delicious goodies were always looked forward to after bowling!

Respectfully submitted,

Sally De Leonardis
